

Horticulture Technology - Specialization in Business and Entrepreneurship

Associate of Applied Science Degree

Program Coordinator:

Ben Casteel • OTC/Laurel Hall 206 • (276) 739-2441 • bcasteel1@vhcc.edu

Program Purpose: The Horticulture program is designed to prepare students for employment or ownership in the horticulture industry or a related field. Students will not only develop skills applicable to nursery and garden center management, but they will also develop interpersonal and business management skills.
