

## LearningPLUS+ Steering Committee

**Purpose(s):** The purpose of the LearningPLUS+ Steering Committee is to advise the LearningPLUS+ Director on how VHCC's Quality Enhancement Plan is being implemented at the college. They will provide opinions and advice on what VHCC is doing well and what may be done differently as the college strives to build soft skills through experiential learning. The committee will manage and schedule all program-level experiential learning activities identified as Capstone Experiences. The committee will also participate in an annual survey to document and record the perceived impact of the LearningPLUS+ program on graduates.

### Committee Members:

2017-18:

Ken Fairbanks (Chair)	Robert May
