

TEAS Study Resources

Tutoring & Practice

- For tutoring help, connect with the MARC (Moose Academic Resource Center) at <https://www.vhcc.edu/tutoring-center>. The MARC offers tutoring in math, biology, English, ITE and other subjects. Both in-person and online tutoring are available. TEAS tutoring is also available through the MARC; contact Dillon Scott, dscott@vhcc.edu. MARC staff can help determine where review may be helpful in math, science, English, and reading comprehension. If you are retaking the TEAS and request tutoring in specific subjects, print a complete copy of your TEAS transcript that shows the Topics to Review and bring that with you to the MARC. TEAS transcripts may be accessed at any time in the student's ATI account at <http://www.atitesting.com> - under the main menu, click on My Results, click on the exam attempt and then select Download Report.
- Brainfuse*, located at www.vhcc.edu > myVHCC > *Brainfuse*, has free TEAS prep practice tests – scroll down to Academic Tools > SkillsSurfer > Nursing School Exams. Follow prompts to log in. (Students must be enrolled at VHCC with a student ID number in order to access Brainfuse.)

Study Guides and Prep Materials

- The VHCC library has a limited number of ATI TEAS study guides available to borrow. A student ID is required to check out materials. If you haven't already received a student ID card please click on www.vhcc.edu/studentid to make that request. ATI TEAS Study manuals may also be available from the Campus Connection Center, ISC 133.
- The ATI-TEAS Study Manual, published by the makers of the test, Assessment Technologies Institute, online practice tests, and study packages are available to purchase at <https://www.atitesting.com/teas-prep>. Study manuals may also be borrowed from the Campus Connection Center in ISC 133.

Online Tutorials

Math

- <https://www.bcraftmath.com/atiteas.html> - For math tutorials that link directly to the math content in the ATI-TEAS study manual (published by ATI Technologies Institute). Scroll down to find links to You Tube tutorials. Excellent math resource!

- <https://www.purplemath.com/> - ordered list of math topics from foundational to advanced
- [Virginia Placement Test Math Practice Questions and Answers](#) – practice questions and answers for fractions, decimals, pre-algebra, and algebra (use Practice Problems for MTE 1 – 5)
- <https://www.khanacademy.org/>

Science

- <https://www.getbodysmart.com/> - anatomy & physiology
- <http://www.biology4kids.com/> - biology
- <http://www.chem4kids.com/> - chemistry
- <https://thecrashcourse.com/> - biology, chemistry, anatomy & physiology

English

- https://owl.purdue.edu/owl/general_writing/index.html - comprehensive site that covers many topics including grammar, punctuation and topics related to writing.
- <https://www.khanacademy.org/>
- <https://www.grammarly.com/blog/category/handbook/> - Blogsite ran by Grammarly
- <https://arts.uottawa.ca/writingcentre/en/hypergrammar> - Via the University of Ottawa

Reading Comprehension

- <https://www.englishforeveryone.org/Topics/Reading-Comprehension.html> - scroll down to the Critical Thinking section for practice in reading comprehension. This website also has other topics such as punctuation, subjects and predicates, and parts of speech.
- <https://www.purdueglobal.edu/blog/general-education/improve-reading-comprehension-college/>

Free Online TEAS Practice Tests

These sites all have TEAS-type practice questions.
