

Your Diploma Type Matters

Advanced Studies Diploma

- 88% of students with ASD enrolled in college, as opposed to only 50% of students with a SD.
- 4 years after high school, ASD earners were twice as likely to stay in college or earn a degree than those earning a SD.
- 46% of ASD earners also earned either an Associate's or Bachelors degree after 4 years. Only 7% of SD earners also earned an Associate's or Bachelor's degree.
